It is not just Mila who is a stand-out! She has three full sisters who are equally as lovely (see picture to the left). This was such a nice breeding! Watch for Mila, Razz, and Nyla to continue their winning ways in the show ring and Beckett is getting ready to fill the whelping box!

Also pictured above is Mila's Best of Breed win under judge, Mr Douglas A Johnson, and group placement under judge, Ms Linn Klingel-Brown on National Specialty weekend at the Superstition Kennel Club dog show.

President's Notes – April 2025

First I'd like to congratulate everyone who did well in Phoenix at our National Specialty, the Regional Specialty and the Supported Entries. We had a great entry, a fun banquet, a well-attended Annual Meeting and an all around good time. A special thank you to our show chair and the show committee for a well run weekend! Huge thank you to the folks who entered dogs, sponsored prizes, donated raffle items, bought raffle tickets, worked the raffle table and trophy table, participated in the bidding war at the banquet and all the other things that made our National weekend a success. Thank you all! Next year – Topeka Kansas!

Now a serious note. I am attaching the AKC Statistics. Please do not publish them on your pages on social media – AKC sends them to the clubs for their members, but they quit publishing them publicly as animal rights groups skew the data and use it to try to stop our sport and support legislation to stop breeders.

Its no secret numbers are down across the board. For those breeds that already have a small population, its particularly serious. It is clear both anecdotally and in the statistics the numbers of Toy Fox breeders, litters and registered puppies are down. There are many reasons for it – breeders are aging, anti-breeder legislation, the “adopt don't shop” movement, restrictions on animal ownership in ordinances, zoning and HOAs, the economy – I can go on. Putting that aside – one of our greatest issues is a lack of awareness of our breed by the public.

Your Board has made a commitment to promoting our breed and preparing the club and our preservation of the breed for the future. We are writing policies and procedures so folks who come after us to run the club will not have to re-invent how to do things every time, we are setting out annual reminders to ensure items like taxes, incorporation reports, membership lists to AKC, etc are never missed. We are establishing a database in our website in the members only section with the historical records of all the dogs who have received titles from the AKC. At the annual meeting there was discussion by some members of starting a pedigree database for current and future breeders to assist in their breeding decisions.

As president, I get occasional phone calls or have conversations with other toy fox people at dog shows. Inevitably it starts with a long redressing of old disagreements with other members (some not even alive anymore), old hurts and problems, and things prior boards did wrong or a wrong that was done to them. Many of these relayed to me in the conversation happened a decade or more ago. This focus on old hurts and disagreements is damaging to our club.

I will say this – for our club and our breed to thrive and grow we must put old differences aside and focus on growth and the future. We don't all have to like each other but we must collaborate and work together. I often ask people where do they see our breed in twenty years. Where do they see our club? Most of us currently in the club and breeding Toy Fox Terriers are on the north side of the half century mark and a high percentage of us will not be breeding dogs in ten to twenty years. If we claim to love the breed and be breed preservationists, we must work together to promote our breed, bring in and mentor new breeders, share our knowledge,

encourage our juniors, and gather and share our data where future generations of Toy Fox breeders can access and utilize it.

Please review the statistics and think of what will happen if the numbers remain in a decline. We must get our dogs visible and promote our breed not just at dog shows but everywhere we can show them off. Many of us have Instagram, TikTok and other social media platforms where we can put cute and educational videos about our dog and breed, we can take our dogs with us to dog friendly outings such as outdoors art and crafts festivals, participate in local meet the breed type events, etc. If you have a friendly confident retiree, offer a junior to show your dog at local AKC dog shows and matches in Junior Showmanship – there are many ways to get our dogs out in front of people.

We have begun posting our newsletter on the ATFTC website (minus the minutes and financials). I strongly encourage those who did well in Phoenix as well as everyone else to put a full or half page ad in the newsletter so visitors to the site can see great photos of lovely Toy Foxes.

If you want to write an article for the newsletter that would also be awesome. Historical photos of Toy Foxes would be fun to put in. All the past newsletters with minutes and financials are in the members area of our club website – this is your chance for your dog to be available for future Toy Fox breeders to see. And the rates are so inexpensive!

Front Cover...\$45, Full Page... \$25 and Half Page... \$12.50

Contact Chris Bowker at bowmanor@bellsouth.net to submit an article or put in an ad. If you can't design one – Chris can assist you and we have folks in the club who are hugely talented on computers who can help – just ask! The spring edition deadline is fast approaching so jump on it! With all the big wins at shows this year – we should be seeing some ads bragging on the dogs!

We have a number of shows this year that are Toy Fox regional, designated or supported – see the website and the newsletter for information on them. Also, we have a judges committee and in the coming weeks you will be asked to vote on 2026 and 2027's National Specialty judges. Watch your emails for those surveys!

Please remember we have a Delegate now that we are an AKC Member club. If you have any questions about prospective rule changes that AKC has published or suggestions for AKC, make sure you share them with Laura Johnson at tylaursrotti@hotmail.com.

Don't forget you can have your Toy Fox recognized for being smart and versatile - fill out and send the versatility form to performance@atftc.com if your dog has earned titles in two or more different AKC events – we want to celebrate your accomplishments through Versatility Recognition Awards. That includes Canine Good Citizen, Farm Dog, BarnHunt, Scent Work, Coursing Ability and other AKC companion events in addition to agility, obedience, rally, and conformation. When you receive the award, print it, take a photo of your pup and the certificate, email it and we'll put you in the newsletter! And you can continue to upgrade your versatility

awards as your dog earns titles! The form is available at
[https://www.atftc.com/forms/Combined Title Award Application.pdf](https://www.atftc.com/forms/Combined_Title_Award_Application.pdf)

Carrie Fletcher posts weekly on our club member Facebook page asking people to comment with litters, puppies and available dogs. Be creative when you respond as Facebook will take down any post with available, for sale, looking for a new home and other obvious language. Many club members send puppy buyers to the ATFTC website to search for breeders. Make sure you are listed there! It helps immensely if you share the names of the club members with available puppies/dogs if you are contacted and don't have any available or planned. I frequently refer puppy buyers to club members that have posted they have puppies as well as referring them to club members in their area.

One last thing, if there is something you want our club to be doing, please suggest it! Of course, if it's something that is close to your heart, we will probably ask you to take it on. This is your club – we want you to be involved! If you want to be on a committee, help with a show, write an article for the newsletter – yes! Please! Feel free to call me or any of the board members, we want to hear from you.

See you around the shows,

Susan Thibodeaux

Message from the Editor

Wow! The last-minute influx of ads for the newsletter makes everything worthwhile. I'm hoping this feeling is infectious and ads will be readied for the summer issue as well! Remember inside ads are only \$25 or \$12.50 for a ½ page. I'm looking to see more breed winners being featured in the next issue and I'm sure some of the performance competitors have something to brag about too!

Thank you to all the advertisers in this issue—you have truly made my day—or week, if truth be told! Thanks to Laura Johnson for the Meet the Breeds write-up with pictures. Thank you, Susan, for the articles sent, as well as getting the designated specialty flyers to me. Please take a look at these—3 more specialties to show off our wonderful breed. I will be looking forward to seeing how these shows will go!

Coming in the summer issue, several more Versatility TFTs will be featured due to more applications being sent in. Be sure to take a picture of your certificate with its recipient so it can be displayed in the newsletter. If you want to honor a versatility dog who is no longer with us, a picture of the dog will do.

The summer issue cover is still open, so if you want to celebrate a win at one of these upcoming specialties, let me know!

Again, thank you to everyone who advertised or contributed to this issue (Thank you, Steve, for all you do!) It is this kind of support that makes a good club great!

Thank you!

Welcome New Members!

THE AMAZING TYLER!

Last month I went to a trial with a Toy Fox Terrier and came home with a Retriever!

On March 4th, Tyler and I made a trip to the Newnan (Ga.) Kennel Club one-day, 2-trial Fetch event to try our luck and level of training. After completing 2 triple retrieves and 4 double retrieves (14 total retrieves!), Tyler came home with the highest fetching honor—the Fetch Dog Retriever Title!

Meet the Breeds in NYC

The New York City's AKC Meet the Breeds, presented by Purina Pro Plan, was held at the Jacob K. Javits Convention Center on Saturday, January 25th and Sunday, January 26th 2025. We were the 148th breed represented there.

There were fun and entertaining demonstrations of dog sports and working dogs exhibiting their skills. There were unique activities in the kid's zone such as testing your agility skills in our interactive fun zone. Attendees were also able to participate in games and photo opportunities with the whole family. AKC encouraged the kids to visit each dog booth and learn something about the breeds. This family-friendly canine showcase was a unique opportunity for dog lovers to meet and play with hundreds of dogs and puppies while learning about responsible dog ownership and understanding which breeds could fit their lifestyle.

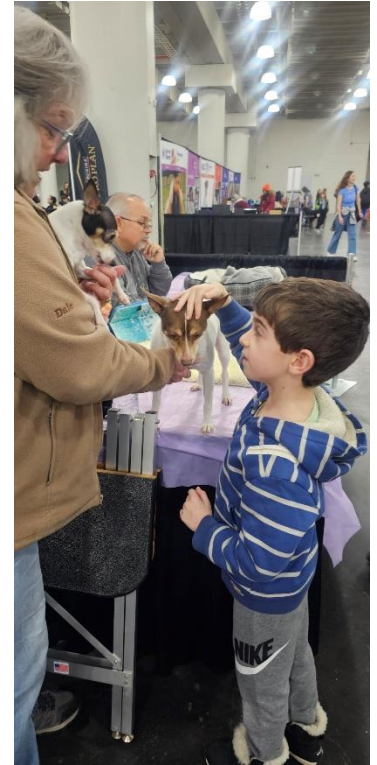

Our booth had the kids drawing a dog, writing why they like dogs,

and spinning the wheel to answer a question about AKC or dogs. The kids really

expressed their feelings in their drawing and their words. We gave over 1,500 prizes and lots of dog show ribbons. The kids loved the old dog show ribbons! Our dogs gave demonstrations in Agility, Trick Dog and Obedience. They also gave a whole lot of kisses.

We had 6 dogs there every day to handle the huge crowd. I asked some of my puppy owners to come in and socialize their dogs. Dale, Newt, Baxter, Stewart Mabel, Sage, Noah, and Lupa were the Ambassadors of our breed.

We love bringing this event to New York City” said AKC Executive Secretary Gina DiNardo. “There is no better event for dog lovers than AKC Meet the Breeds”

This year over 30,000 people attended this event in January 2025!

Many Thanks go to Laura Johnson and Mary Lathlean of the ATFTC Meet the Breed Committee!

Thanks also go to Laura's many friends and puppy owners who helped make the weekend a success!

Toy Fox Terriers

WHAT'S IN A NAME?

Have you ever looked at your dog's pedigree or at a show catalog and wondered at the fancy registered names listed? They are longer and quite different from the popular names like Bella or Oreo generally used at home for our Toy Fox Terriers.

Usually those registered names include a "kennel" name. For those of us who breed and exhibit our dogs, once we create our kennel name it will be in the reg-

Toy Fox Terriers: “Coming up with registered names for your puppies is stressful for some, but for the majority of breeders it’s a fun adventure.”

istered name of every dog we bred. This kennel name becomes an identifier to know who the breeder is and gives information as to their lineage.

In Toy Foxes, many kennel names include the word “fox.” Kennel names can be combinations of people’s names, where they live, a tree, a plant, or almost anything that has meaning to the breeder.

Many breeders register their puppies before they go to their new homes. This allows the breeder to ensure the puppy gets an appropriate registered name using their naming convention and kennel name.

Coming up with registered names is stressful for some, but for the majority of breeders it’s a fun adventure.

Some breeds want every puppy's name to begin with the letter for that year. For example, Briard breeders usually follow an alphabetical naming system that began in France where their breed originated. They go consecutively through the alphabet year by year, and most Briard registered names will begin with the letter for that year.

Some breeders use the alphabet to help them remember what litter the puppy came from, using the letter "A" for their first litter's names and subsequent litters using the following letters. Many breeders use dogs in the pedigree as inspiration for their names. For example, my first Toy Fox Terrier's dam was "Awesome All That Glitters." Her breeder uses Barbary as her prefix, so we named the puppy "Barbary's Gold N Jewels" and called her Sparkles. My kennel name is Kallmee, and Sparkle's daughter was "Kallmee Gems N Jewels," and her daughter is

"Kallmee A Rare Jewel."

Sometimes we use a theme. One breeder in Toy Foxes uses songs on record albums as her inspiration, with a different album for each litter.

My family lives in Florida near the Space Coast, and so our litter last year was space themed and included "Kallmee To Infinity and Beyond" (call name Buzz) and "Kallmee The Space Cowboy" (Astro). Themes can be types of cookies, movies, or anything that tickles the breeder's fancy.

Occasionally you'll see dogs bred by multiple co-owners and two or more kennel names will be included.

Some breeders write their kennel name in the first blocks of the registration application and leave it to the buyer to complete the name. If this happens, make sure you ask if the litter has a theme or anything goes. Don't make the mistake one of my puppy buyers did and leave the rest of the blocks blank. That puppy is forever

registered as just "Kallmee."

Don't scratch out the kennel name either when naming the puppy; it shows respect for the puppy's lineage and also helps you avoid having a duplicate name.

If you choose a name that's already been used, the AKC adds Roman numerals to the name. Using the breeder's kennel name helps you avoid naming your dog "Fido XXIII" (which will be the case if there are already 22 Toy Foxes named Fido).

Registered names reflect the breeder and the dog, and if the dog is entered at shows or trials that name will be on public display.

Next time you watch a dog show on TV or look at your dog's pedigree, you will have a new appreciation for the names, and maybe they'll give you inspiration for your next Toy Fox Terrier!

Is Your Dog at a Healthy Weight?

It's not always easy to tell if your dog is carrying extra pounds that could impact their overall health and vitality. Sometimes, the signs aren't obvious—and that's okay! If you're concerned about your dog's weight, the best first step is to connect with your veterinary care team. Your vet can provide expert insight and help determine whether your dog is at a healthy weight.

In the meantime, there are a few simple at-home checks you can do to get a better sense of your dog's condition. This guide will walk you through what to look for.

1

Rib Check

Gently run your fingers along your dog's side. A healthy-weight pet will have a thin layer of fat over the ribs and spine that you can feel but not see.

2

Waist Check

Looking at your pet from above, your dog should have a visible waist behind the ribs that tapers slightly towards the hips with a slight indentation near the midsection. If your pet does not have a visible waist or has a bulging waist, they may be overweight.

3

Tummy Test

Standing next to your pet, look at them from the side. If the abdomen hangs low and appears bulging or sagging, it could indicate excess abdominal or "belly" fat.

Still Unsure? That's Okay!

If you've gone through this assessment and are still unsure about your dog's weight—or you suspect they might be carrying a few extra pounds—don't worry. Just like with people, there are safe, effective ways to help your pup reach and maintain a healthy weight.

Start by talking with your veterinary care team—they can offer personalized advice and guidance. You can also take steps at home to support your dog's wellness, such as:

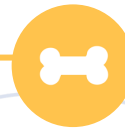

Nutrition

Feed your dog a balanced, portion-controlled diet, made with nutritious ingredients that are tailored to their needs.

Exercise

Regular exercise, like daily walks or active play sessions, helps burn calories and keep your dog physically fit.

Healthy Treats

Look for dog treats that are low in calories, made with natural ingredients, and free from added sugars or artificial fillers.

Helping your dog maintain a healthy weight is one of the best things you can do to support your dog's quality of life. Simple checks and everyday choices can go a long way. For more tips and updates and to support the latest health research for dogs, visit akcchf.org/educational-resources.
